

## **PURSUE FULFILLMENT**

*By Pastor John Benedict Appiah  
Head Pastor of Triumphant Christ Chapel*

A great window of opportunity has been opened to us and we need to do well to fully accomplish that which we have been called into. We are called born of God, to carry the DNA of God, so that we can reign and rule on this earth on behalf of God. God who sends us will listen to us; He will lead us by His Spirit; He will accomplish what He sends us to do with a strong arm; He will honour us by displaying His awesome power through us; and He will heal our land by our prayers.

This is the honour accorded to us. And why sit still when all creation is waiting for the manifestations of the Most High God? Bible says a man in honour but does not understand is like a beast that perishes (**Psalm 49:12, 20**). A great disservice is done when a person of honour does not know the honour due him and accept a far lower position, not because of humility, but because of ignorance. We have accepted lies told us by Satan and we have believed the difficulties around us when our place is in the Heavenly Realms where we sit enthroned with Christ. Just like every great person was once born a child and must develop into the honour set before him so are we do develop into the great honour we are called into. Jabez was destined for honour but all that he saw was pain, leanness and insufficiency. Jabez picked up his case with the High God who duly responded to him and changed his destiny so that he can become what he was destined for (**1 Chronicles 4:9-10**). We pray that we shall grow restless by the knowledge of the great destinies prepared for us so that, like Jabez, we can take up our case with God. **Psalms 82:1-7** reveals an honourable position bestowed upon the children of the

Most High God. We have been called to bring judgment on the earth and to set the poor and needy free and to punish the proud and wicked. We side up with the wicked when we do not rise to bring justice on earth. Indeed we see wickedness and troubles running unchecked all around us and we stand helpless before them. Let us get into our prayer strongholds and hold executive “cobra” cabinet meetings with our God. If we refuse that our own foundations will be threatened and we shall end up dying like mere men when we have the DNA of the High God.

When we pray we transfer the enmity between us and Satan back to God. We set a great conflict between God and Satan and the outcome is certain: Satan will lose. When the people who are called by God take up their place and pray they will bring God into the scene and Satan will lose and every hard situation will change (**2 Chronicles 7:14**). There is no hiding place for Satan and his hoard of evil when a child of God will put confidence in prayer. Bible says is there anyone in trouble then let him pray because the effectual fervent prayer of a righteous man will make available tremendous power effective in all its working (**James 5:13-16**). We may cry out to God because of our own pain or because of the injustices we see around us but in each case we shall bring healing and restoration to our land. This is the heritage of all the children of God. We are to keep crying and not to hold our peace. We are to cry out louder and louder until righteousness reign in our land and our God establishes His will on earth (**Isaiah 62:1-7**).

Fulfilment is following your mandate and calling. We are to live in a place of perpetual prayers because it is by our prayers that we rule and reign on earth. To be looking for a time when prayer ceases because that thorny need has been met is to be looking for a time when we return to slavery to Satan. We are to pray and keep praying

because we live by prayers and we rule by prayers. God promises to pour water on him who is thirsty and floods upon the earth (**Isaiah 44:3-4**). A thirsty person is the one desperately seeking to see the works of God and God says not only will he be satisfied but he will bring healing to his land. Church, let us not keep still but let each one return to their prayer closet and rule this earth on behalf of God. This is the honour of all the saints of God.
